Boa tarde (*leiam as mensagens anteriores na sequência*).

Nas minhas gestões anteriores e nesta, o IBRACON não paga presença de nenhum Colega internacional por mais valor que ele tenha.

Não é frescura, simplesmente é RECIPROCIDADE.

Se eles não pagam nossas viagens aos eventos deles onde vamos palestrar e representar o Brasil e o IBRACON, nós não pagamos a viagem deles para cá.

Vocês são jovens e precisam aprender essa lição e andar de cabeça erguida.

O IBRACON tem um status nacional e Internacional que permite fazer isso desde a 20 anos atrás nas minhas primeiras gestões onde pratiquei as mesmas regras.

Então estou falando agora para saberem, pois muitos nunca souberam.

Ou seja, faz tempo que deixamos de ser uma instituição sem expressão de um país atrasado que precisa pagar a presença de ilustres para se fortalecer.

Nossos Diretores, Conselheiros, sócios e a comunidade de concreto do Brasil tem padrão internacional e dada as características brasileiras de estar entre as 10 maiores nações do mundo, tem prestígio para impor RECIPROCIDADE. Para vocês terem uma idéia o Ravindra (ex presidente da RILEM), o Akyo (presidente da fib) e o Charles Nmai (presidente do ACI) e agora o Roberto Stark também do ACI e do México (IMCYC) virão por conta deles, sem nenhum recurso do IBRACON, apenas a inscrição e convite para o jantar... e são as tres maiores Entidades de Concreto do mundo.

Ressalte-se que deles quatro, apenas o Ravindra, tem índices acadêmicos superiores aos meus segundo ISI, SCOPUS e Google Scholar.

Não podia deixar de enviar esta mensagem a vocês pois o IBRACON de amanhã é de vocês (*que considero a nova geração na direção do Instituto*) que vão dar continuidade, defender, enobrecer e enaltecer a engenharia de concreto do país.

Abraços

PS: *confirmem presença no Aniversário do IBRACON no IPT dia 23 de junho às 14h. Por favor, precisa dos seus dados para poder entrar no IPT e para podermos nos organizar e mostrar união e força. Além do que acho que vai ser super agradável e grande oportunidade de nos encontrar presencialmente. Obrigado.*

Paulo Helene,

I am pleased to inform you that ACI has agreed to support me with all my trip expenses. So I am ready to plan my trip.

Douglas,

Could you please schedule my presentation to be the first or second at most?

Thank you once again for the invitation and I will prepare my presentation accordingly.

See you in Brasilia.

Regards,

Roberto

Dear Roberto

I'm grateful for your understanding of the special situation.

Your presence is an honor and great satisfaction for us.

You are highly appreciated by the concrete engineering community in Brazil.

If we can catch a glimpse of any sponsorship around here, we'll let you know.

Hugs

Paulo Helene,

I will love to be with you in this very special occasion and celebration. As you know, I have had great times in previous participation at Ibracon and as you said I consider part of the organization.

I will try my best, and since yesterday I started to ask for sponsorship from the companies that I know that participate with you. As I told you this is the first time that I do this and I hope to get a positive result. As you know we are a very small company and do not have the capacity to finance my trips, every year I give at least 10 international talks, seminar, etc.

I will let you know as soon as I will get responses from the companies that I am reaching to get the expenses. In the meanwhile if you know someone that will be willing to contribute with some of the expenses I will appreciate.

Warm regards,

Roberto

Estimado Roberto

Buenos días.

Nuestra celebración de los 50 años está costando muchos recursos al Instituto.

No te imaginas como estamos de bajos fondos!

Creo que, desgraciadamente, de esta vez no lograremos patrocinio para tu viaje pues ya exaurimos los recursos de las empresas, nuestras amigas.

Akyo Kasuga, presidente de **fib**, Ravindra Gettu, presidente de RILEM e Charles Nmai, presidente de ACI, van estar con nosotros, ministrando Conferencias Plenarias, cada día uno de ellos.

He explicado nuestras restricciones de fondos y los tres van a venir sin costos a IBRACON, todo por recursos de sus Instituciones porque quieren celebrar con nosotros los 50 años.

Lo único que ofrecemos es la inscripción (por supuesto) y la cena de clausura, así como los 3 almuerzos.

Tu eres nuestro querido amigo, una personalidad internacional y lo queremos mucho acá con nosotros en esa fecha tan importante para Brasil, pero de esta vez no lograremos recursos para patrocinio de tu viaje.

Por otro lado nos encantaría que pudieras viabilizar tu venida pues eres parte de IBRACON y de los Seminarios de Edificios altos de Brasil coordinados hace años por Douglas Couto.

Haga un esfuerzo y venga de vacaciones y aproveche para conocer Brasilia la capital del concreto en el mundo, la única reconocida como patrimonio de la UNESCO en concreto.

Fuerte abrazo

Paulo Helene

Douglas,

I do not know any key person of these companies in Mexico as I have never asked for sponsorship to give a talk. It will be better from your side in Brazil to see if they are willing to give the support.

Which hotel has been selected for the event?

I know the director of ACCOR group which I know that they have two Mercure hotels in Brazilia. I can get very good rates with them.

Dear Roberto,

By the way, here in Brazil we have many companies that have business in Mexico and USA, and I've talked with Prof. Paulo Helene, and we think that could be easier get a sponsorship of any of these companies, as example:

- Sika;
- Master Builders;
- Euklid Group (Viapol);
- Cemex;
- Doka;
- Penetron;
- MC-Bauchemie.

If you have contact with any key person of these companies in Mexico we can make contact with the heads here in Brazil and try to get a way for a possible sponsorship.

Best regards,

Douglas Couto

Dear Douglas,

Thank you for your response. I hope everything is fine with you now.

This will be my fifth participation as a keynote speaker with Ibracon and all the times I got airplane tickets and the hotel expenses to attend the conference. I understand the situation but I am sure you can get a sponsor to help with these expenses. Many people knows me due to my past participation and they know the good presentation that I always deliver.

Please let me know as soon as possible so I will prepare the presentation and the trip. I can ask from my side the airplane fares and try to get the best price. I have good contacts with Aeromexico and usually I can get good fares.

Warm regards,

Roberto

Hi Roberto,

Sorry for the delay in responding. I've been offline these days due to personal issues and I couldn't access my emails.

I am trying to get some sponsorship for this seminar, as Ibracon is a non-profit organization and has a limited budget, but the economic scenario is making this task difficult.

Normally, speakers travel with their own resources and we provide registration for the entire congress.

Please give me a few more weeks, and I'll let you know if we have a sponsor.

Best regards,

Douglas Couto

Asunto: INVITE ROBERTO STARK

Hi Douglas,

I want to ask if you will be paying for my airplane ticket and the hotel? It is not clear in the invitation letter.

Regards,

Roberto
